

**EMERGENCY CONTACT/VETERINARIAN INFO**

Dog Trotters will no longer transport your dog to the veterinarian for injuries or health issues as a first resource.

We require that you supply an emergency contact that is available for transport and financial responsibility.

Dog Trotters will first attempt to contact YOU, the owner. If there is no response, we will attempt to reach your emergency contact.

In the case that your emergency contact is unreachable or unavailable, acting as your agent, we will transport your dog to your listed veterinarian. There will be a fee of \$35.00 during normal business hours. In the case of an after-hours emergency, Dog Trotters will transport your dog to an emergency veterinary clinic for a fee of \$50.00.

If Dog Trotters does transport your dog to the veterinarian, once we arrive we will supply the facility with YOUR (the owner) contact information and the emergency contact's information to arrange payment and return transport.

Thank you.
